About Wombwell Town Football Club

The vision of Wombwell Town Football Club sees us continue to thrive as a successful and sustainable club that sits at the very heart of the local community.

Formed in 2018, the club has grown from a single adult team to over 20 teams with people of all ages welcome to be part of the Weller family.

Our Recreation Ground home has been transformed from an unused and unloved location to one that pushes for ever-improving change and growth. Since February 2024 the club have installed new floodlights, pitch barrier and hard standing for supporters, allowing visitors to be as close to the action as possible!

Promotion to non-league's step six saw that progress on the field as our team of local players battled to make an impact in the Northern Counties East League and just missed out on the play-offs for the 2023/24 season - with a record number of points for a team not to make the top five.

Our Ladies' team secured a 5th place finish in their first season, while the men's Sunday side made the final of the Darcy Cup, played at Doncaster Rovers' ground. Many of our youth teams won promotions and trophies, but the learning and fun environment the club provides is the key factor for all of our youth teams.

As we continue our adventure into the 2024/25 season, we hope you will join and support us for the season ahead.
